Please could you forward two extra copies of your Childsafe book.

Looks excellent and would like the additional copies for our branch surgery.

Many thanks

Have received today a copy of the above. Would it be possible to send another two copies for the surgery.

Thank you

Hello my name is Wendy and I am a community nursery nurse and I work along side health visitors. We were very impressed with childsafe magazine and was wondering if you would be able to send us some free copies to use with our parents.

Wendy Crawl

We have received in the post today a copy of the childsafe magazine plus poster.

I am emailing to ask if you would send me another 3 copies to put in our waiting areas. We have two surgeries.

I have received the Childsafe Mag today and I have to say I am very impressed with the subjects covered.

As we a larger surgery would it be possible to have 2 more copies sent to us for distribution within the practice.

Many thanks and well done for a good publication.

Kind regard
Penny Stuart
