

Childsafe

A PARTNERSHIP IN CHILD SAFETY - HEALTH - EDUCATION

WHAT THE SURGERIES SAY

Thank you very much for sending us a copy of the childsafe magazine. As a parent myself I found this magazine really useful.

Joanne Duncan
Assistant Manager
Peasholm Surgery

I have received the Childsafe Mag today and I have to say I am very impressed with the subjects covered. Many thanks and well done for a good publication.

Penny Stuart
Administration Manager
Baddow Village Surgery

Our Health Visitors think this publication is very good and also feel it would be a big benefit to some of our patients.

Moira Duncan
Office Manager
Northfield Medical Practice

Having scanned the magazine I am most impressed by it's presentation and the fund of useful information for parents which it contains.

Allan M Stewart
Practice Manager

I received a copy of the Childsafe directory today, an initial look through it seems very thorough. I have children myself so I read some relevant articles I was particularly impressed with the article on migraines (a much ignored subject) and bullying. The healthy eating section will support the information the doctors are giving the patients.

Sue Latham
Assistant Practice Manager
Ifield Medical Practice &
Crow Place Surgery

Further to the receipt of this very informative magazine, could I request more copies please?

Dawn Harrison
Practice Manager
Garforth Medical Centre

Just received my copy of Childsafe, what a brilliant idea for a magazine, will definately leave it in the waiting room once all the staff have finished browsing. Keep up the good work.

Wendy Campen
Practice Manager
The Project Surgery

An exceptional publication. Useful information and advice - not just for parents of young children. Very easy to read. Would expect to pay a lot for it in a shop. Well done

Sharon Muldoon
Practice Manager
