

Childsafe

A PARTNERSHIP IN CHILD SAFETY - HEALTH - EDUCATION

WHAT THE SURGERIES SAY

Dear Sir

I was given a copy of your Childsafe magazine by a colleague and found it very informative and helpful. I would be grateful if we could receive two copies for the GP and Nurse in the Practice to have on their desks as reference books for parents.

Many thanks for your help in this.

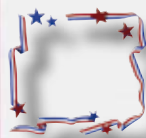

Yours sincerely
Lynne Jardine
Practice Manager

Could it be possible to have an other book sent to the surgery at Belvoir Vale Surgery.

The Health visitor found the book very informative for her work in the practice.

Thank you very much for your time
Jane Clarke
Health visitors Assistant

Having received a copy of this publication I was wondering if it was possible to obtain 24 free copies for clients we work with for whom it would be of huge benefit.

Look forward to hearing from you

Janet Dunn-Muse
School Health Clerk

Could you please forward 2 or 3 more copies of the Childsafe booklet if possible to our Surgery

Thank-you
Paula Donoghue
Receptionist

Dear Team

I work for Hebden Bridge Group Practice in West Yorkshire and have just received 2 of these excellent copies of Childsafe.

We are a very large Practice and are based at 3 sites and we would appreciate 3 further copies of this book if possible to spread around evenly. Also, if you have any further display material to promote this book/campaign I would appreciate that also. As a mum of two children my self I understand all the issues around this so to promote it in our surgery would not be a problem.

I hope you can help

Many thanks
Kind Regards
Deborah Eaton

Dear Sir

This looks to be a very useful publication - please could you send us 2-3 more copies for our waiting room?

Thank you,
Kathryn Phillips
Business Manager
